

Special Edition

Summer

Burn

Welcome to a *Special Edition* of Vertically Inclined's **R&G Bulletin** for July '07!

With Summer in full gear, we at Vertically Inclined thought that we should put together a special summer comp to let everyone flex their tanned muscles. **Summer Burn** was the result and it was exciting to see a fun, successful event run in the summer for the first time. Hopefully everyone had a great time coming out and playing on all new problems. This time out we were especially pleased to see the support we received from our sponsors. Joel and Ryan did a great job contacting these organizations and letting them know what we do and then they all stepped up so that we were able to provide such great prizes. Thanks again!

Although it is sad to think about it, Fall will be here before we know it and with the changing of the leaves comes another full Rip & Grip Series! Look for registration information in mid August. Comps normally run the first Friday of October, November and December barring any big conflicts.

Thank you again for participating in this special **Summer Burn** event at Vertically Inclined. It's the energy that you bring that makes these events a success!

If you have any thoughts, comments or would like to submit a photo, drop us a note at climbing@verticallyinclined.com We'd love to hear from you!

Event Wrap-up - Summer Burn

The turn out for our first ever Summer event was fabulous. The problems were exciting and fresh and the addition of another 6 problems means that much more climbing to be done.

A Big thank you has to go out to all the routesetters, staff, and members who put valuable time into the planning and running of the event. Joel, Ryan, Todd and their whole routesetting team have produced an exciting array of problems and have done what it takes to put on a top-notch event. Thanks!
